ABOUT US

Paras Tea is renowned in Pakistan for its quality and money-back guarantee, where quality is what we sell, and trust is what we earn.

Our journey began with Golden Tea, now a top choice for every third tea drinker in Pakistan. Initially launched in Khuzdar, Balochistan, it quickly gained popularity nationwide.

Golden Tea's leaves are hand-picked from Kenya's mountains, processed the same day to preserve their aroma, and then blended by our master chef for a rich color and taste. Each cup delivers a refreshing mix of perfect aroma, color, and flavor.

Known for its distinct black color, Golden Tea is among Pakistan's finest black teas, widely loved for its quality and aroma, making it a staple in cafés and homes across the country.
